

Request to Use Subjects from the Psychology 120 Subject Pool

IRB Project Number _____

Date _____

Risk Level _____

Experimetrix Number(s) _____

1. Title of experiment _____

2. List every person who will have contact with subjects, as well as their capacity (e.g., experimenter, assistant, or confederate). Attach an additional page if necessary.

FULL NAME	FAC/GRAD/UNDRGRD	CAPACITY/DUTIES
-----------	------------------	-----------------

_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____

3. Attach an informed consent form that includes the Experimetrix number(s) and name.

4. Attach a typed description that you will post on the Experimetrix program. This description is limited to 250 characters. If you wish to use a more detailed description, you may refer potential subjects to a web page. If you do so, include a printed version of the web page.

5. Attach a typed debriefing document (and script if you plan to debrief orally). NOTE: PSY 120 textbook references must be updated each semester noting which text is used by each instructor. Current textbooks and lists of instructors are available in the PSY 120 Experiment Coordinator's office.

This request is based on an experiment protocol which has previously been approved by the Department of Psychological Sciences' Human Subjects Advisory Group and by the Purdue University Committee on the Use of Human Research Subjects and is considered to be in active status by that Committee. This experiment will be conducted in accordance with all Federal, State, University, and Department procedures and regulations.

Major Experimenter

Principal Investigator (faculty member)

Co-Chair, Human Subjects Advisory Group
